CIS COMPLETES DAY 1 CERTAINTY™ INTEGRATION

ALLAMUCHY, NJ (October 3, 2017) – [CIS](#) is pleased to announce their [4506T Tax Transcript Service](#) is now integrated to Day 1 Certainty™ from Fannie Mae through Desktop Underwriter® (DU®) validation service. Verification of Deposit/VOD and Verification of Employment/VOE through CIS were integrated with the initial launch of Day 1 Certainty. “This integration streamlines procedures and saves cost through the ability to reissue original reports. CIS clients benefit from requesting all credit and verification reports required by mortgage underwriting from one platform. Single-request-functionality is an efficiency that results in faster, more accurate, compliant loan packages and ultimately a better borrower experience!” said Mike Brown, CIS President & CEO.

Fannie Mae’s Day 1 Certainty provides greater speed, certainty, reps & warrants relief and efficiencies by streamlining the traditional paper-based mortgage process. Third-party validation of tax return information, employment, income, deposits & assets is required for mortgage origination. CIS has been providing credit and verification solutions for over 30 years. “Our operations centers on the east & west coasts process 4506T requests on a proprietary platform that enables us to review, monitor & track each request, delivering industry-leading turn-times and low IRS rejection-rates”, continued Mike. “We are pleased to complete this integration to Day 1 Certainty, giving our clients the ability to participate in this excellent new Fannie Mae program.” For more details on Day 1 Certainty please click [here](#).

[CIS](#) is a nationwide, independent mortgage credit reporting agency. Leading the industry in service, CIS delivers integrated solutions including Credit, Fraud Detection, 4506T/TRV, VOE, VOD, Identity Verification, Property Reports, Background Screening and more.
